## Clemex ST Mini 1.3 CCD BW Camera

USB 2.0 high speed camera installation sheet

Note: The Clemex software must be installed before installing the camera.

- **1.** Please ensure that you have a **High Speed USB 2.0** port on you PC.
- **2.** Right-click on your Desktop to access the **Screen Resolution** Window and check that your screen resolution is set at a minimum of 1920 x 1080.

**3.** Plug the Clemex ST Mini 1.3 CCD BW camera in any available USB 2.0 port.

If you connect your camera to a non USB 2.0 USB port your camera may not work.
